

# MONITOR ARM, DOUBLE, DESK CLAMP

KF10417

## DESCRIPTION SHORT:

Steel Alu double monitor arm, gas spring hover arm, cable management, 180° swivel, 360° rotation, tilt +90/-85°, for 15-32" screens, desk clamp

## COMMERCIAL INFORMATION:

Q-Connect double monitor arm, for 15 to 32" monitors and up to 9kg weight for each screen. The monitor arms have a durable gas spring with counterbalance height adjustment. You will easily find an ergonomic working position by tilting the monitors up and down or swivelling it from side to side. It also allows for vertical and horizontal monitor shifts to meet different demands to improve work efficiency. The arms have hidden cable management, for a neat desktop look. VESA compatible for both 75\*75mm and 100\*100mm backside VESA mounting holes. If you don't want to drill a hole on the desktop, you may choose to clamp the base to the edge of the desk, max width 10cm.
