COMMERCIAL INFORMATION:

The Q-connect High-capacity Power Bank with 20,000mAh (74Wh) battery capacity provides reliable power for smartphones, tablets, notebooks and other USB-powered devices. Featuring USB-C® Power Delivery with up to 65W output, it supports fast charging for compatible laptops and mobile devices. The integrated USB-C® charging cable allows convenient charging and recharging without the need to carry an additional cable. An LC-Display shows the remaining battery capacity in percent and indicates when fast charging is active, allowing you to monitor charging status at a glance. USB-C® and USB-A ports provide flexible connectivity and enable charging of multiple devices when needed.
