HIGH-CAPACITY POWER BANK WITH INTEGRATED USB-C® AND LIGHTNING CABLES, 20.000MAH, 20W, BLACK

KF17053

DESCRIPTION SHORT:	High-capacity Power Bank with integrated USB-C® and Lightning cables, 20.000mAh. Supports fast charging and allows simultaneous charging of up to 4 devices. Ideal for extended mobile use and travel.
PRODUCT LENGHT:	14
PRODUCT WIDTH:	7.3
PRODUCT HEIGHT:	2.6

COMMERCIAL INFORMATION:

The 20,000mAh Q-connect power bank provides a high-capacity and reliable power source for smartphones, tablets, smartwatches and other mobile devices. Integrated USB-C® and Lightning cables allow direct charging without additional accessories, making it ideal for longer trips and intensive daily use. Fast charging is supported via USB-C® Power Delivery and USB-A Quick Charge. Compatible smartphones can be charged to approximately 60% within about 30 minutes under typical fast-charging conditions. Multiple output interfaces enable charging of up to four devices at the same time. An integrated LC-Display shows the remaining battery capacity at a glance. A green indicator icon signals when fast charging is active. The compact and slim design makes the power bank easy to carry and suitable for everyday mobile use. With compact dimensions of 140×73×26mm and a total battery energy of 74Wh, the power bank is suitable for air travel within standard battery limits.

TECHNICAL INFORMATION:	Battery energy: 74Wh Battery type: 3.7V Li-Polymer Capacity: 20,000mAh nominal (12,000mAh rated at 5V) Combined output (shared): 5.0V 3.0A (15W max.) Display: LCD with battery percentage & fast-charge status indicator Extra: Integrated USB-C (1x) and Lightning (1x) charging cables Extra: Suitable for charging smartphones, tablets, smartwatches and other mobile devices Extra: Supports Power Delivery and Quick Charge Extra: Up to four devices can be charged simultaneously Extra: Compact design for mobile applications Extra: Suitable for air travel within standard battery limits Included: USB-A to USB-C charging cable, 30 cm (supports up to 9V 2A / 18W) Input: USB-C: 5.0V 3.0A / 9.0V 2.0A / 12.0V 1.5A (18W max.) Integrated protection system: Protection against overcharging, overvoltage, short-circuits, and overheating Output Integrated Lightning Cable: 5V 2.0A (10W) Output USB-A Port: 5V 3A / 9V 2.0A / 12V 1.67A / 10V 2.25A (22.5W max.) Output USB-C Port/ Cable: 5V 3A / 9V 2.2A / 12V 1.67A (20W max.) Ports: 1x USB-C (in-/output); 1x USB-A (output) Supported charging protocols: PD 3.0, PD 2.0, QC 3.0, QC 2.0, AFC, FCP, SFCP, PE1.1 and PE2.0
